“Meet the Author”

Jerusalem – al-Quds – Yerusalayim
Faces of a City

Gabriel Heim in dialogue with Prof. em. Lukas Landmann

Judaism, Christianity, and Islam have all contributed to Jerusalem's shared heritage. What make this city so special are the combined diversity of civilizations and the mosaic of traditions. The discussion will be held in English.

Lukas Landmann was a Professor Emeritus of Anatomy and Histology at the University of Basel. As a citizen of both Israel and Switzerland, he has a strong connection to Jerusalem. Since his retirement, he has dedicated himself to research and writing. This has resulted, among other books, in his monumental work on Jerusalem, which will be discussed with the author by **Gabriel Heim**, Swiss publicist, author, and film director.
